MGM Airport Sees Record Passenger Growth in 2024

Montgomery, AL – Montgomery Regional Airport (MGM) is proud to announce a significant milestone: The airport recorded an impressive 194,627 passenger enplanements in 2024. This marks an 8.5% increase from the 179,445 enplanements achieved in 2023, reflecting the airport's continued growth and commitment to serving the River Region and beyond.

The surge in passenger numbers underscores the success of MGM's strategic initiatives, including the additional flight loads with both American Airlines and Delta Airlines, enhanced customer service amenities, and targeted marketing campaigns such as the "Fly MGM" campaign, which emphasizes the convenience and personalized service travelers experience when choosing Montgomery Regional Airport.

The growth in enplanements highlights MGM's role as a key travel hub and underscores its positive impact on the regional economy. Increased passenger traffic translates to greater demand for local businesses, including hotels, restaurants, and transportation services, bolstering economic growth in the area.

MGM's success is deeply rooted in its commitment to the community. Signature events such as the Runway 5K and Community of Christmas Trees have fostered strong local engagement, while partnerships with local organizations and businesses have solidified MGM's role as a cornerstone of the region.

As MGM Airport continues to grow, it remains dedicated to providing top-tier service and a seamless travel experience for all passengers. The airport invites travelers to skip the drive and "Fly Local, Fly MGM," ensuring a stress-free journey from start to finish.
